Bank Leumi (UK) plc

Bank Leumi UK was founded over 100 years ago and has established a reputation as one of the leading foreign-owned banks in London.

Originally formed to service the Jewish and Israeli communities in the UK, the Bank customers now range across a wide range of nationalities and ethnic groups across the globe by offering a full range of banking facilities.

Bank Leumi Experience a Smooth Migration to Synergy's SWIFTNet Hosted Service

In 2006, the SWIFTNet Phase 2 migration, would have been mandated a substantial investment in new hardware and software. Bank Leumi (UK) therefore decided to take advantage of Synergy's Service Bureau for SWIFTNet Hosting to provide low cost, high availability SWIFTNet connectivity.

Connection to Synergy's bureau is via a fixed link; the connection to the SWIFT network resides between the bureau and SWIFT and is managed by Synergy.

The project to subscribe to the bureau service was well managed by Synergy - the bank experienced a smooth migration. The team at Bank Leumi (UK) had no problem acquiring approval for the project from their senior management due to the substantial cost savings involved.

Commenting on Synergy's performance over the last 10 years, Ruth Veng at Bank Leumi said: "We have been very satisfied with the standard and level of service provided by the Synergy staff, both in the Nottingham and London offices, throughout the period."
